## The American Chamber of Commerce in Albania

in collaboration with **Albanian Embassy in Washington, D.C.**

cordially **invites you** to a **Business Reception Event in Washington, D.C.**

JUN

03

TIME

18<sup>30</sup>

VENUE:

**National Press Club,  
529 14th St NW,  
Washington, DC**

This event will bring together a high-level delegation of 12 senior executives and company representatives from Albania, representing key sectors such as Defense & Security, Information & Communication Technology, Cybersecurity, Energy & Renewables, Pharmaceuticals, Financial Services, Real Estate, Tourism, and EdTech.

Within the framework of this event, AmCham Albania would greatly appreciate your presence at the reception, offering a valuable opportunity to engage with the Albanian delegation members. This event will facilitate B2B meetings with senior executives and representatives from various industries, bicultural US-based senior advisors with U.S. government contracting and executive leadership experience, providing a platform to discuss strategic partnerships and investment opportunities in both Albania and the U.S. Please find attached the Company Profiles Booklet, which provides a comprehensive overview of the participating companies and their capabilities.

The objective of the reception is to:

- **Inward Investment:** To catalyze strategic U.S. investment and technology transfer by identifying high-growth opportunities within Albania.
- **Outward Expansion:** To facilitate the successful entry and expansion of Albania's enterprises into the U.S market.

Albania represents a strong and reliable partner for U.S. businesses—as a NATO ally, EU candidate country, and a growing economy offering competitive costs, a skilled workforce, and access to a broader regional market through multiple free trade agreements.

We look forward to the possibility of engaging with your organization.
